Dear Mr. Bennett,

Insurance -

I write in my capacity as your insurance broker to confirm that you currently have in force a policy of insurance underwritten by Axa Corporate Solutions Assurance, which provides you with cover in the unlikely event of loss of or damage to your customer's goods throughout the course of transit and delivery, whilst in your custody and control. The policy reference is RG00695A, and it is next due for renewal on the 1st of September, 2014.

As for your claims record over the course of the above policy, which we have arranged on your behalf since 1996, looking back through my records I can only find one incidence where your insurers have made a payment in settlement of a claim, which was of no significant amount, and considering the time elapsed, this is a remarkable record; we are a specialist insurance broker dealing solely within the removals industry, and I am struggling to think of any other client with a record as impressive as this over a comparable span of time.

We also place on your behalf Public and Products Liability insurance, arranged with Royal & Sun Alliance under policy reference RTT178014, which is next due for renewal on the 27th of July, 2014, and has a limit of indemnity in place of up to £2,000,000.00. We have arranged this type of cover for you since 2004, and I cannot find any record of a claim having been reported to your insurers to date.

I trust that all of the above is in order, although if you would like any further information I would be happy to provide you with the same.

Yours sincerely,

Matthew Shurville Cert CII
